

## Marlins - Spring 2018 Fundraiser

Dear Marlins Supporter:

We are once again partnering with Blue Marble Fundraising in these efforts. Blue Marble Fundraising is a partner with Albion Fisheries Ltd., a partner in the Ocean Wise™ program and a partner with Two Rivers Specialty Meats who supply many of the high-end restaurants across the lower mainland. Please take a moment to look at their website [www.bluemarblefundraising.ca](http://www.bluemarblefundraising.ca) for a full overview of the products offered and their program.

We have an opportunity to raise a significant amount of money. Our goal is to get all families involved in this fundraiser (if our 100 swimmers each sold 4 cases of Wild Sockeye Fillets we generate \$10,000).

Through Blue Marble Fundraising we can purchase seafood from Albion Fisheries and meats from Two Rivers Specialty Meats. The seafood is all sustainable product with most selections achieving the Ocean Wise™ certification, and the meats come from grass-fed, chemical and hormone-free livestock and mostly local (*aside from bison, elk, and Heritage Angus from Alberta*). The products are frozen and most come in 10 lb. cases. Once out of the box, these items fit easily into a refrigerator freezer.

We'll keep it very simple, you may place your order online using the following link:

<http://www.bluemarblefundraising.ca/in/fundraiser/600202>

Select the Online Individual Order Form and simply place your order. Please also forward this link to friends, family, and neighbours allowing them to place their orders on-line as well. Ordering is available now until **Monday, June 4<sup>th</sup>** and delivery will be Thursday, June 14<sup>th</sup> in the Club parking lot from 5:00 - 5:30pm. This is frozen product, so you must come and pick up!

You can also order with a hard copy (available as 'Download Individual Order Form' online using the link above). Hard copy orders require a cheque payable to Blue Marble Fundraising and must be submitted to the NSWC front desk by **Monday, June 4<sup>th</sup>**.

In closing, we want all the swimmers to be part of this effort and we expect each of them to participate in these efforts as there are four big pluses of this program;

1. Significant fundraising opportunity for our program (*with 100 swimmers & setting a minimum goal of 2 cases sold per swimmer we will generate \$5,000 for the program*)
2. A very healthy protein option for the family dinner table
3. All seafood and meats offered are sustainable products, most Ocean Wise™ certified, and the meats are grass-fed, chemical and hormone-free product
4. A very competitive price point

We would like to thank each of you in supporting your swimmers in their efforts to fundraise and for your continued support of our swim program here at NSWC.

Andreas Aalhus  
Marlins Committee Chair
