

## **How to use NSWC Online Ordering**

The team at the North Shore Winter Club are excited to be offering the option of online ordering in the Café to our members at this time.

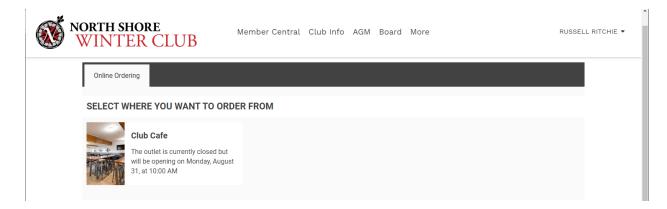

To do so, simply visit the online ordering page on the Member's side of the website

https://nswcemm.clubhouseonline-e3.com/Online Ordering or use the Clubhouse online app (available on itunes and android marketplaces):

You will use the same login on the app, as you would to access the Member side of the website. For instructions on how to set this up, please see here (https://www.nswc.ca/new-jonas-members-portal-access/).

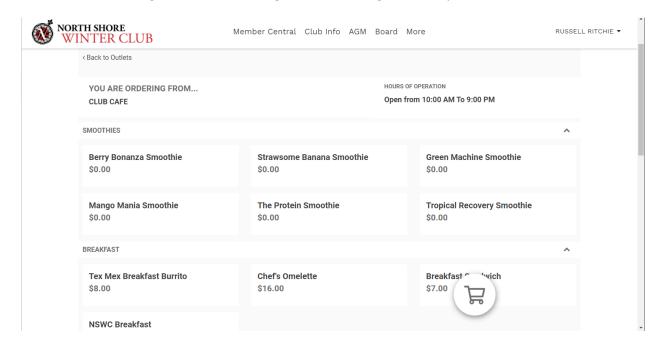

Once you've logged in and selected online ordering, you'll see the following screen:

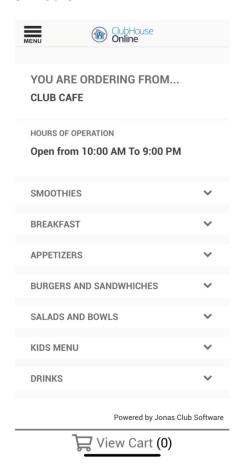

## OR on Mobile:

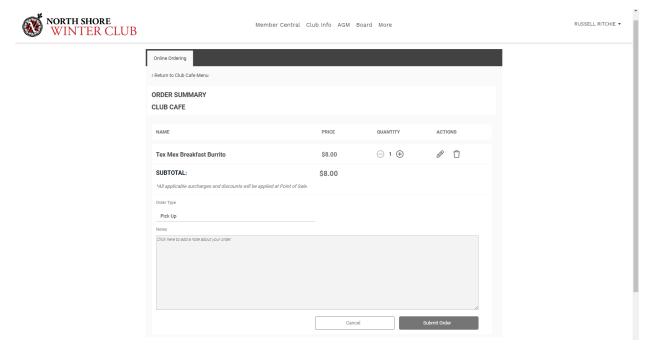

Select Online Ordering and Club Café, and go about selecting the items you wish to order.

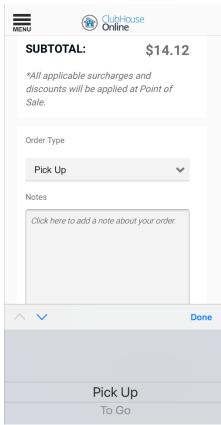

## Or Mobile:

When done, simple complete the order by clicking on the shopping cart image, then review, add in any modifications in the 'notes' section, and submit your order. Select 'Pick-up' or 'To Go' (for your meal to be packaged up), and add any notes

Once completed, simply head to the Café to pick up your items (10-20 mins). You will need to check in with the cashier to sign your chit prior to picking up your food. Bottled drinks will still need to be picked and brought to the cashier when you sign your chit.

Please note that the app will be available during cafe operating hours and for pick up only.

Hours of operation are as follows until April 19<sup>th</sup> (or until PHO orders are lifted):

• Mon - Sun: 10am - 8pm

Please contact Kim Hirji with any questions, <a href="mailto:khirji@nswc.ca">khirji@nswc.ca</a>

Thank you,

NSWC Food & Beverage Staff
