IX. SERVING OF SUSPENSIONS

A. General

1. The suspensions within this Bulletin are minimum guidelines and accordingly may be subject to lengthier suspensions as they relate to the severity of the infraction(s). Any of the above noted penalties may be subject to Indefinite Suspension.
2. All minimum suspensions shall commence upon the conclusion of the game in which the infraction(s) occurred.
3. There shall be no appeal of any suspension imposed that is applied in accordance with the prescribed automatic minimum suspension indicated under the rules set forth in this Bulletin.
4. For the purpose of this Bulletin when a suspension has been applied, the suspended player or team official is prohibited from participating in any **game** sanctioned by BC Hockey / Hockey Canada for the duration of the suspension.
5. Please note, team officials, players, or officials may not practice with their team during the term of the suspensions listed within this bulletin if the suspension exceeds 30 days. If a suspension would have **exceeded** 30 days but is extended due to the rules regarding carry-over suspension, BC Hockey may consider whether to grant permission for a player, team official or official to participate in practices or tryouts.
6. All suspensions will be in effect until midnight on the date of expiry in accordance with the corresponding number of days or after the number of games have been served as outlined in the chart below, whichever expires first. The 'game(s)' to 'days' ratio is applicable to all player and team official suspensions:

DETERMINATION OF SUSPENSION - GAME TO DAY RATIO	
MINIMUM SUSPENSION IN GAMES	MINIMUM SUSPENSION IN DAYS
1 Game	7 Days
2 Games	10 Days
3 Games	15 Days
4 Games	21 Days
5 Games	25 Days
6 Games	30 Days
*When minimum suspensions are applied and due to accumulations or multiple infractions the combined total exceeds the above guidelines, all additional games shall be served at a ratio of 1 game or 7 days	

7. All participant suspensions must be served according to the schedule of the team that the participant received the suspension with; primary, affiliate or dual registered team. Therefore, participants are not permitted to count games from multiple teams towards the serving of a suspension.
8. Any suspension(s) received by a participant that cannot be served due to the conclusion of their final season of participant eligibility within the minor hockey system (graduating due to age limits) must be documented on their HCR profile with an 'indefinite end date.' The prescribed duration of the suspension as per this bulletin must be indicated within the notes of the suspension so the suspension may be served upon any future Hockey Canada participation.

NOTE 1: All suspensions begin immediately upon assessment of the penalty.

NOTE 2: For the purposes of applying a suspension measured in days:

- a) The suspension period shall commence at 12:00am on the day following a suspendable infraction.
- b) A participant serving a suspension will be deemed ineligible until midnight on the date of expiry noted within a suspension notification.

- c) In cases where it is recommended that a single incident requires a suspension beyond the minimum prescribed within this Bulletin and the suspension is greater than 60 days, the Chief Executive Officer will impose an Indefinite Suspension and initiate an investigation [Policy 4.03.01 L].

B. Carry-over Suspensions

- i. For a suspension made pursuant to this Bulletin that is in effect immediately prior to the Christmas break or on days between the last scheduled league or tournament game prior to Christmas break shall not be included in determining the number of days served.
- ii. For a suspension made pursuant to this Bulletin that is in effect immediately prior to and does not expire prior to the conclusion of the league and / or playoff games, the suspension will be served at the start of the next season. The start of the next season shall be deemed to be:
 - a) In any district that has adopted a regulation or policy setting a start date for carry-over suspension or the start of the season, the date so specified.
 - b) In all other districts, the first scheduled exhibition or league game of the season in which the player would otherwise have been rostered to play (or, in the case of an official, in which the official would have been eligible for assignment at their level of qualification);
 - c) In any event, no later than September 1.
- iii. Any player registered as an affiliate that receives a suspension with their primary team resulting in a carry-over scenario due to the conclusion of that team's season may serve the remainder of their suspension with their affiliate team. This may be done under the guideline that the player actively participates with the affiliate team prior to the conclusion of the current season. Should the affiliate teams' season not conclude prior to the end of the prescribed suspension or upon the expiration of the suspension the player does not actively participate in a league, playoff or tournament game with the affiliate team; then the suspension shall carry-over to the following season according to the original suspension notification timelines.
- iv. Any Team Official serving a suspension under "Section IX A. 6" of this Bulletin that is registered with multiple teams must serve their suspension according to the schedule of the team with which they received a suspension. If it is not possible to serve a suspension prior to the conclusion of the current season the remainder of the suspension may be served with an additionally registered team(s).
- v. Players who have a suspension that carries over past the final game of a season shall be eligible to participate in tryouts, that occur between the conclusion of the current season and the start of the next. Tryouts would include any BC Hockey High Performance camps during the summer. However, the suspended player will be prohibited from playing in regular season games until the suspension has been served in full. Should the player's carry-over suspension have more than thirty (30) days remaining upon the conclusion of the current season, the BC Hockey Minor Discipline Coordinator must provide a recommendation of support or opposition regarding that player's participation in try-outs. A final decision will be made by the BC Hockey CEO.
- vi. For players attempting to transition from Minor to Junior hockey upon the start of a new season but they are under a carry-over suspension situation, Junior exhibition games are considered components of the tryout process. Therefore, a minor player 'trying out' for a Junior team is permitted to participate in Junior evaluations, camps and exhibition games while their suspension remains in carry-over status. The number of games and / or days remaining in the suspension will remain on hold until the conclusion of the Junior evaluation or exhibition season and the player must serve the remainder of their carry-over suspension upon the start of the regular season within the Junior league or upon the player's return to Minor hockey.

Should the suspended player's carry-over suspension have more than thirty (30) days remaining upon the start of the Junior evaluation, try out or exhibition period for the upcoming season, the BC Hockey Minor Discipline Coordinator must provide a recommendation of support or

opposition regarding that player's participation in try-outs. A final decision will be made by the BC Hockey CEO.

Should the suspended player be carded by the Junior team during the exhibition season and the team chooses to have the player begin serving the suspension during the exhibition schedule, they are permitted to do so and the carry-over suspension will recommence upon the first game that the player sits out.
