## FEATURED ATHLETE

# Gwenyth Rae

**Age:** 13

**How many years have you been tennis at the Club?**

About 7 years. I must've been 6 years old when I started taking lessons at the club, starting with red-ball.

**Do you have a role model in sports, who and why?**

There are lots of amazing athletes that I watch on TV, but at the NSWC, I look up to Maxine Sealey. This hockey season, I played on the U18 female hockey team with her, and got to know her a bit better. She is a great swimmer and hockey player. She is encouraging and is a great leader on and off the ice, and in and out of the pool.

**Do you have any goals this summer in your sports?**

I would like to work on the accuracy and power of my serve. I will continue to work on my singles tennis game, to gain confidence to play in some tournaments.

**Do you have a favourite coach?** My tennis techniques and skills have come from the feedback from all of my coaches through the years however the feedback that really sticks in my head and I always think back to, is the specific advice and tips from my private tennis lessons with Nicole McLennan.

**What is your favourite pre-game/meet meal?**

I really like a good burger and a salad.

**Besides tennis, what other activities do you enjoy?**

I swim and play hockey at the NSWC. Outside of the club, I enjoy skiing, field-hockey, playing with my labrador retriever Hugo, baking and art.

**What do you enjoy most about playing at the NSWC?**

There is a sense of community, and I love that each year of sports creates new memories.

**Favourite Song:** Someone to you by Banners or Missing Piece by Vance Joy.

## FEATURED ATHLETE

**How many years have you been swimming at the Club?** I have been swimming for about 6 years at the club.

**Do you have a role model in sports, who and why?**  
I look up to my sister Gwenyth Rae. She is my role model because she encourages me in the pool & I see that every time she swims she is doing her best. I hope I can be as good as her.

**Do you have any goals this summer in your sports?**  
I have three goals for this swim season: get better at getting my hands out of the water in butterfly, get new personal bests for my swim races and hold my breath for one whole 25m length.

**Do you have a favourite coach?** I think that all my coaches are great but my favourite coach changes every year. Last year it was a tie between Jordan & Buzz.

**What is your biggest accomplishment in swimming?** Probably my 3 trophies for most outstanding swimmer & how my time always get shorter from the start of my swim year to the end.

**Do you have any good luck rituals or superstitions before meets?** Yes I have one ritual and that's getting Kendra to put on my cap.

# Marlins Swim Program

## ABOUT

The Marlins Swim Team develops competitive swimmers of all ages in a fun and focused environment. Training in NSWC's outdoor pool facility between May and mid-August, athletes focus on stroke (freestyle, butterfly, backstroke, breaststroke) and race (dive starts, turns, streamlines and breakouts) techniques toward continual individual improvement, within a strong team context. Guided by Marlins' coaches, each swimmer sets personal goals and develops a complimentary training and competition schedule to support success. Depending on goals and commitment, swimmers can attend upwards of 120 swim practices and ten two-day swim meets, plus Regional and Provincial Championships, over the course of our short season. The winter maintenance season begins the first weekend of October.

While Marlins provides high intensity cross-training for athletes, many quickly get the bug to race and swimmers are encouraged to compete in at least one meet and the Regional Championships each season. Competition allows a swimmer to showcase their progress, and to contribute to the team's points (collected at meets), but most importantly, to create memories of a lifetime alongside their teammates in Marlinville. Marlins offers five Divisions for swimmers aligned to age and/or skill. Please note that new Marlins will be assessed for group placement.

## Mini Marlins

### Ages: 5 yrs +

This division is geared to our youngest swimmers (ages 5 and up) and those new to swimming. Swimmers must be able to completely submerge their body under water, and able to push off from the wall without assistance.

## Intro Marlins

These swimmers can swim the length of a pool without assistance and will begin to learn proper swimming techniques.

## Juniors, Intermediates & Seniors

In these divisions, swimmers build-on and refine skills and techniques already developed. Many of our swimmers begin as Minis and continue to the Senior ranks, with many becoming Junior Leaders, and even Coaches; a testament to the strength and value of our program.

## MISSION

The mission of the Marlins Swim Team is to embrace all levels of swimmers with the tools and opportunity to achieve any goal they may set. Every swimmer will enjoy success with hard work, dedication, and support from teammates, coaches and parents. Our team members participate in meets sanctioned by the British Columbia Summer Swimming Association and are governed by Swimming/Nation Canada rules and regulations. The Marlins Swim Team ascribes to a well-defined program where each swimmer is encouraged to gradually increase their degree of commitment to achieve success at every level of training. The team provides a positive environment and an opportunity for young people to learn, to enjoy and to compete with an eye toward long term results.

## PURPOSE

The purpose of the Marlins Swim Team is to develop competitive swimmers as athletes and people. We understand that the real meaning of winning is to reach one's own potential. We strive to not only produce swimming champions but champions in life. We provide coaching for all levels of swimmers up to 18 years of age, including those interested in competing and those interested in improving their strokes and endurance. Beginning swimmers must be able to swim at least one length of the pool unassisted.

## COACHING

Our coaching team is experienced, hold instructor certifications, and enjoy working with children and youth. Coaches have been carefully selected for their leadership skills and mix of experience.

## VOLUNTEER

There are volunteer positions available and we welcome everyone with open arms! Learn a new role and assist the team to build succession plans. It takes a large group of dedicated volunteers to make the Marlins Swim Team a success. If your kids are enjoying themselves, it is much more fun and interesting to get involved.

### Sniper And Playmakers Camp

With today's game being focused on speed, not only do players need to have a quick shot, but being deceptive will take their game to the next level. In this program we will be focusing on being deceptive when it comes to (A) stick handling; how to hide our shot and (B) shooting; making other players think you are doing something different, not trying to over handle the puck. We will focus on body language techniques, evasive movements pertaining to shooting, and stick handling techniques to get goalies to drop. This class will also cover puck protection and making decisions with players head up.

## High Performance Defense Skills

Defense is an evolving position. The modern defenseman must know how to play in all three zones. They need to have elite level backwards skating, transitions, footwork, puck skills and decision making. Most importantly, defensemen need to be able to play their position and know the fundamentals on how to contain, angle and defend. Defensemen will be taught how to use their stick, to control their gap, defend 1-1s and other odd man rushes.

Teaching play on both sides of puck in game situation drills. I will focus on “why” we are working on certain skills and talk about how we can use these skills during games. ## Puck Skills

The puck skills program is meant to develop multiple aspects related to the handling and movement of the puck. This class will provide sequential advancement of ability from the very basics to elite dependant on the players’ current state. With the correct drills the player develops new dexterity in their hands as they are asked to put the puck in new positions of reach, with different areas of the blade, and with new levels of speed. This also increases overall stamina in the muscles used in these hand skills. As the player advances in ability they will be introduced to different situational moves such as 1 on 1 plays off the rush, out of corner, opening up shot lanes etc. Overall the player develops a completely improved feel for the puck as the connection between their hands, stick and puck is dramatically increased.

## Skating That Translates

This class provide a unique service that focuses on skating movements and patterns that are utilized in the game today. It’s imperative to find the game connection in our skating and at PH development sessions. Power Skating and edge work are game specific focusing not only on the “HOW” to effectively skate but the proverbial “WHY” The game of hockey is predicated on reoccurring movement patterns. The more times players are put in game like environments in practice and development sessions, the higher the probability for a high success rate when they encounter these situations come game time. Players must be able to identify the game translatable component. These movements not only require a high level of physical skill and technique to execute, but sense of understanding of the significance behind the movement patterns.

# Senior Men's Hockey

## Philosophy

The North Shore Winter Club takes great pride in providing a world-class hockey experience at all ages.

The Senior Men's Hockey League is designed to provide a safe, fun, social and competitive hockey environment that's accessible to players of all skill levels. Senior Men's Hockey is a recreational league that's as rewarding on and off the ice.

Senior Men's is governed by the Hockey Committee, who's mission is to maintain a league comprised of balanced and equitable teams, to foster a spirit of competitiveness among members and to welcome new members into a friendly and enjoyable hockey focused organization.

## Division 1

Sr. Men's Div. 1 is a fast competitive league with lots of young players. They enjoy the quick competition with a friendly rivalry between teams. There is a draft for new teams each year to try and mix up the players and it creates a more social atmosphere.

## Division 2

Sr. Men's Div. 2 uses the same format as Div. 1, with the same friendly rivalries and an annual draft, but the pace is a little slower. So if you do not want to chase player's fresh out of minor hockey, this is where you want to be! Div. 2 also welcomes all new players to come out and play. The league averages 6 games a month every Sunday and usually two Wednesdays per month.

There is also the chance to spare on teams, which allows you to play when you don't have a game scheduled or if you can't make your own team's ice time. No shortage of ice-time!

## Annual All Star Game

Every Super Bowl weekend, the NSWC organizes multiple All Star games on the Friday to showcase the numerous talented members who play in our league. This fun night includes a buffet, drink specials, exciting hockey games to watch and an overall good time!

## Playoffs & Banquet

Playoffs begin right after spring break, with the competition ramping up as teams give it everything they've got in order to try and win the coveted Sr. Men's Championship Trophy! (Which comes with huge bragging rights, of course!). The year finishes in April with Championship games for both Div. 1 & 2, followed by a wrap up banquet at the NSWC!

## Registration & Fees

Registration will be available early July.

## SUMMER PICKLEBALL!

Join us for outdoor pickleball programs this summer! It's a great game for the whole family. Sign-up for programs and learn more!

### 3 Reasons to Play Pickleball:

## Tennis Level of Play/Self-Rating Guide

Before registering for any of our programs or joining our leagues, take a look at the rating guide below to help you find the program that's right for you. Find the level that best describes your general level of play during a match.

LEVEL	GROUNDSTROKES	RETURN OF SERVE	NET PLAY	SERVE
1.0	I'm just starting to play tennis			
1.5	I've been introduced to the game, but have difficulty playing due to my lack of consistent rallying and serving.			
2.0	I can get to the ball, but lack control so my rallying is inconsistent. I often choose forehand instead of backhand.	I have inconsistent returns and tend to position myself to protect my weaknesses	In singles, I'm reluctant to come to the net. In doubles, I understand the basic positions and I am comfortable with forehand volleys (but avoid backhand volleys & overhead shots).	My toss is inconsistent and my service motion incomplete. Double faults common.
2.5	I can consistently rally 10 balls in a row over the net at moderate speed with an arced trajectory (especially forehand shots).	In singles, I can consistently return shots to the middle of the court. In doubles, I have difficulty returning cross-court to start the point.	I'm at ease at the net during practice, but still uncomfortable during a game.	I try a full service motion on my first serve, but it is still inconsistent (< 50%). I use an incomplete motion to ensure a steady second serve.
3.0	I can consistently rally 10 balls in a row using forehands and backhands. I'm able to maintain a moderately paced rally when receiving high, wide or short balls.	I can control the direction of the ball when receiving moderately paced serves.	I'm very consistent on moderately paced balls to my forehand, but still inconsistent on my backhand. I have overall difficulty with low and wide balls.	I have full motion on both serves and can achieve more than 50% success on my first serve; however, my second serve is much slower than the first.
3.5	I can make my opponent move around the court, hit harder when I receive easier balls, and perform approach shots with more than 50% consistency.	I can return fast or well-placed serves defensively, return an easier serve with pace or placement, and approach the net in doubles.	I'm becoming consistent on volleys & overheads requiring moderate movement. I can direct forehand volleys and control backhand volleys with little offense, but have general difficulty putting volleys away.	I can vary the speed or direction of a first serve and can direct the second serve to my opponent's weakness without double-faulting on a regular basis.
4.0	I'm able to develop points consistently by using a combination of shots; however, I'm erratic when attempting a passing shot or a quality shot from a fast or well-placed ball.	I have difficulty returning very fast or spin serves, but I can hit a good shot or exploit my opponent's weakness on moderately paced serves. In doubles, I can vary returns effectively on moderately paced serves.	I can follow an approach shot to net, poach on weak returns and put away easy overheads. In doubles, I can receive a variety of balls and volley offensively.	I can vary the speed and direction of the first serve and I can use spin.
4.5	I can use a variety of spins and am beginning to develop a dominant shot or good steadiness. I'm still erratic when attempting a quality shot in two of the following: when receiving fast balls, wide balls or in passing shot situations.	I can defend consistently off first serves, but am still inconsistent when trying an aggressive return (< 30%). In doubles, I have difficulty returning a first serve to the feet of the incoming serve and volleyer.	When coming to the net after serving, I'm consistently able to put the first volley in play but without pace or depth. Close to the net, I can finish a point using various options including drop, angle and punch volleys. I'm still inconsistent when trying to volley powerful or angled returns.	I have an aggressive first serve with power and spin. On second serves, I frequently hit with good depth and placement (without double faults). In doubles, I can serve and volley off first serves but still experience some inconsistency.
5.0	I am able to maintain a consistent rally, 10 balls in a row on faster balls. I have very steady strokes or a dominant shot. I periodically succeed (50%) when attempting a quality shot when receiving fast or wide balls, and in passing shot situations.	I periodically succeed (50%) at aggressive return off fast first serves using dominant shot (forehand or backhand). In doubles I can return at the feet of serve and volleyer.	In doubles, after the serve, I have a good, deep crosscourt volley. Overhead I can hit from almost any position.	My first serve can win points outright, or force a weak return. My second serve can prevent the opponent from attacking. I can serve and volleys on first serves in doubles with consistency.

## JUNIORS TENNIS PROGRAMS

From 2012, the ITF (International Tennis Federation) Rules of Tennis state that competition for players aged 10-and-under must be played with slower Red, Orange and Green balls on the appropriately sized courts. The traditional Yellow ball will not be permitted. All NSWC 10 and under tennis programs will be using this "Progressive Tennis" format.

Progressive Tennis is a recognized international format that teaches tennis in a fun and interactive way by using tennis balls, racquets, nets, and courts that are scaled to match the size and age of the players. This format provides young players with optimal challenge and success: skills can be learned faster, rallies can be enjoyed sooner, tactical practice is well facilitated, and the transition to full court can be made easier!

RED, ORANGE, AND GREEN programs have been split into two pathways: a PERFORMANCE pathway and a HIGH PERFORMANCE pathway.

# TENNIS POLICIES & PROCEDURES

## Tennis Committee

The Tennis Committee consists of members of the Club who are active in all levels of tennis and work closely with Club staff to ensure that policies, procedures, tournaments and events meet the needs of the tennis players at the Club. The Committee spends a great deal of time analyzing and developing fair and balanced court usage policies. The percentage of court time provided for events, leagues and instruction is highly considered and in line with other private clubs similar to the NSWC.

## Court Allocation

There are several different court user groups: those who would like available courts for normal bookings, those who want courts available for instructional and development opportunities, those who want to participate with their peers in leagues or regular weekly bookings, and those who participate in our social events and tournaments. We strive to balance and meet the needs of all playing members.

The following court usage and reservations policies have been adopted by the North Shore Winter Club Tennis Committee, approved by the Board of Directors, and are intended to support all tennis players. We want all players to enjoy their playing time with equal respect and fairness for junior, adult, recreational and competitive participants and balance the demand for open play, lessons, clinics, teams, and tournament usage.

## General Policies

- Please do not walk onto your designated court prior to the start time if the court is in use.
- Please do not walk across courts when proceeding to your allocated court of play, walk behind the curtains to your court.
- Cell phones should be on silent while on the court.
- Only water or sports drinks are permitted on the court. No other beverages are allowed.
- Upon arrival at the Club, members and guests must confirm their court allocation and all playing partners at the Front Desk.
- Please avoid the use of profanities.
- Clothing must be appropriate for tennis play. Shirts must be worn at all times; no cutouts or jeans are permitted; only non-marking tennis shoes may be worn.

- Tennis members must check in with the Front Desk Reception to receive keys for the Ball Machine. Tennis members will be required to leave their keys or other personal belonging with the Front Desk Reception until the Ball Machine keys have been returned.

Every time you use the PlaySight system, your activity is recorded, analyzed and saved to the PlaySight cloud where you can access it any time through the on-court kiosk or at PlaySight.com. Train smarter.
